

# IT Solutions Specialists

GCT was formed in October 2003 by experienced IT and Business Consultants, who believe that value for money and excellent customer service is a pre-requisite in today's competitive IT industry.

We provide 1st, 2nd, 3rd line and Managed Service support specifically tailored for your Enterprise.

We will assist you with adapting to changing market demands, while at all times being agile and open.

- **Consultancy**
- **Design**
- **Deployment**
- **Delivery**
- **Support**
- **Asset Management**

## GCT is a leading IT Solutions provider

Our approach is to integrate with your business as partners. We have alliances with the leading Hardware and Software vendors in the industry, which enables us to provide unprecedented levels of service.

Working on projects with Accenture, EDS, Esteem Systems and Unisys, we have a unique insight for providing specialist consultancy and design within Leading Edge Microsoft Windows Solutions, Server based computing / Mobile virtualisation and all aspects of security.
